Natimuk Open Studios Art Trail

[natimukopenstudios.org](http://natimukopenstudios.org)

ACT Natimuk acknowledges the Traditional Custodians of the land upon which we are located, the Wotjobaluk, Jaadwa, Jadawadjali, Jupagulk and Wergaia and all the lands on which we meet and work.

We pay respect to Elders past, present and emerging and acknowledge their sacred connection to land, water, sky and community.

## Welcome to the 2022 Natimuk Open Studios Art Trail

The trail is inspired by the local visual artists and creators in the community. Over the weekend, they will open their studios and provide an opportunity to share their practice, offer diverse art for sale and give you an insight into what inspires them and processes they use to create. Natimuk is renowned for its strong arts culture across multiple arts mediums. The small township plays host to many art events, notably the Nati Frinj Biennale Festival, where performance, cultural experiences and visual art combine to create a hotpot of creativity. Located close to Dyurrite (Mt Arapiles), this weekend gives visitors an opportunity to explore the art, community and cultural offerings and to engage in the landscape that inspires so many of our artists.

Make a weekend of it. Visit the studios, support the local businesses, have a picnic in the Verj, ride the Big Sky Trail and make some time to take in the beauty of Dyurrite. You won't be disappointed!
